

**MATERIAL SAFETY DATA SHEET**

Not classified as hazardous according to criteria of NOHSC & Worksafe Australia.  
Not classified as Dangerous Goods by the criteria of the Australian Dangerous Goods Code for transport by Road & Rail.

**1. Product and Company identification**

**Product Name:** Australis SuperTrim  
**Product Code:** 171-100 (white), 171-222 (Deep Base), 171-333 (Ultra Deep Base) and 171-400 (Extra Bright Base)

**Supplier:** Colourtrend Paints Australia Pty Ltd  
**ABN:** 50 057 442 323  
**Address:** 481 Victoria St.  
Wetherill Park  
N.S.W. 2164

**Phone:** 02: 97562400  
**Fax:** 02: 97562405  
**Emergency:** 0439 624 009

**Product Use:** Use as a decorative & protective coating on building structures.  
Applied by brush, roller, conventional spray or airless spray.

**2. Composition/Information on Ingredients**

| <u>Name</u>                                      | <u>CAS Number</u> | <u>%</u> |
|--|-------------------|----------|
| Water  | 7732-18-5         | 30-60    |
| Pigments   | -                 | 10-30    |
| Synthetic Polymers                               | -                 | 30-60    |
| Other ingredients determined not to be hazardous | -                 | to 100%  |

**3. Hazards Identification**

Poisons Schedule: None allocated.

**4. First Aid Measures****Swallowed**

If swallowed drink 2 glasses of water and seek medical advice from a physician if required.

**Eye**

Flush eyes with copious quantities of water for at least 15 minutes. Seek medical attention.

**Skin**

Remove all contaminated clothing/footwear and wash skin with running water. Seek medical advice from a physician if irritation persists.

**Inhaled**

Remove from contaminated area. Apply air resuscitation if breathing is irregular or stopped. Seek medical attention.

**First Aid Facilities**

Eye wash and safety shower facilities should be available.

**Advice to doctor**

Treat symptomatically.

**5. Fire Fighting Measures**

**Extinguishing Media:** Not combustile. Use water, foam, dry chemical, carbon dioxide.  
**Fire fighting advice:** Avoid contamination with oxidising agents. Fire fighters and others exposed to vapours or products of combustion should wear self-contained breathing apparatus and suitable protective clothing.

**6. Accidental release measures**

**Minor Spills:** Clean up all spills immediately. Place in a suitable labelled container for waste disposal.

**Major Spills:** Contain/prevent run off into drains and waterways. Contain spill with sand, earth or vermiculite. Alert Fire Brigade if necessary. Collect recoverable material and seal in properly labelled containers or drums for disposal.

**7. Handling and storage**

**Handling:** Wear protective clothing. Avoid physical damage to containers. Always wash hands with soap and water after handling.

**Storage:** Store in cool dry well ventilated place and out of direct sunlight. Keep containers sealed when not in use. Avoid contact with incompatible materials. Checked all containers are clearly labelled & free from leaks. Follow manufacturer's storing & handling recommendations.

**8. Exposure controls/Personal protection**

**Occupational Exposure Limits:**  
 No exposure limits set by NOHSC.

**Engineering Control Measures:**  
 Use under well ventilated condition. If use indoors, open all windows and doors. Seal containers closed when not in use.

**Personal Protection:**  
 If there is a risk of eye contact, repeated or prolonged skin contact or inhalation, wear gloves, safety glasses and a respirator. Wash hands prior to smoking, eating and drinking.

**9. Physical and chemical properties****PHYSICAL DESCRIPTION & PROPERTIES**

|                        |   |                                       |
|------------------------|---|---------------------------------------|
| Appearance             | : | Viscous liquid of various colours     |
| Odour                  | : | Mild                                  |
| Boiling Point          | : | Approximately 100 deg C               |
| Melting Point          | : | Not Available                         |
| Specific Gravity       | : | 1.0 - 1.3(depends on bases & colours) |
| Flash Point            | : | Not Applicable                        |
| Flammability Limits    | : | Not Applicable                        |
| Solubility in water    | : | Miscible with water                   |
| PH as supplier         | : | 8 -10                                 |
| Vapour pressure (20C)  | : | Not Available                         |
| Evaporation rate       | : | Not Available                         |
| Autoignition Temp.(C)  | : | Not Applicable                        |
| Volatile (% Wt.)       | : | 35-55                                 |
| Decomposition Temp(C): | : | Not Available                         |

**10. Stability and reactivity**

Stability: Product is considerable stable and hazardous polymerisation will not occur.

**11. Toxicological Information**

No adverse effects expected if the product is handled in accordance with this Safety Data Sheet and the label of this product. Symptoms or effects that may arise if the product is mishandled and overexposure occurs are:

- Eye:** May produce eye irritation  
**Skin:** Contact with skin may results in irritation  
**Inhaled:** The vapour or mist may irritate to mucous membranes of the respiratory tract. This may cause headache and nausea.  
**Swallowed:** Swallow may result in nausea, abdominal irritation and vomiting.

**12. Ecotoxicological information**

Avoid contaminating waterways and dispose of paint or washings into drains or stormwater channels.

**13. Disposal considerations**

Recycle wherever possible. Refer to Waste Management Authority. Dispose of material through a licensed waste contractor. Unwanted paint should be allowed to dry and then disposal of via domestic waste collection. Empty paint cans should be left open in a good ventilated area to dry before disposal. Consult your State Land Waste Management Authority prior to disposal.

#### 14. Transport information

**Road and Rail Transport:**

Not classified as Dangerous Goods by the criteria of the Australian Dangerous Goods Code (ADG Code) for transport by Road and Rail.

**Marine Transport:**

Not classified as Dangerous Goods by the criteria of the International Maritime Dangerous Goods Code (IMDG Code) for transport by sea.

**Air Transport:**

Not classified as Dangerous Goods by the criteria of the International Air Transport Association (IATA) Dangerous Goods Regulations for transport by air.

#### 15. Regulatory information

**Classification:** Not classified as hazardous according to criteria of NOHSC.

**Poisons Schedule:** None allocated.

**A.I.C.S. Status:** All components of the finished product are listed on the Australian Inventory of Chemical Substances (AICS).

#### 16. Other information
